 - 3½ inch x 6 inch piece of fabric (back)
- 3½ inch x 6 inch piece of iron-on-pellon (H630)
 - assorted trims
 - 40cm ribbon
 - Thread for stitching

Ecru, Red 2250 & 2260, Pink 2440 & Green 2886*

Tip

*Select your trims and lay them on the pattern.
Adjust the position of the words, up or down, to fit your trim.*

To Make

- Transfer the design onto the front piece with a lead pencil. You may need to use a light source e.g. a window or light box to see the pattern clearly.
- Fuse the front piece and iron-on-pellon together.
- Stitch the design
 - Red - Back stitch the words. Satin stitch a berry.
 - Dark Red - Satin stitch a berry.
 - Pink - Satin stitch a berry. Cross stitch on both sides of the name.
 - Green - Back stitch & daisy stitch
- Place the trims in position. Use a little glue to hold them in place. The spot and check ribbons were attached with running stitched along both edges. The ricracs were couched in place. The large ricrac was couched in one direction and then back in the opposite.

To Complete the Tag

- Fold the ribbon in half. Stitch the folded end to the front piece. *I wanted the ends loose to tie the tag to a bag or gift.*
- Place the front and back pieces right sides together and sew. Leave an opening for turning as shown.
- Turn right sides out and press. Ladder stitch the opening closed.
